ELECTED CITY RECORDER**

CITY COUNCIL ALSO APPROVED BONDS OF VARIOUS NEW OFFICERS AND WILL PROVIDE FOR INCREASE IN TREASURER'S BOND.

At the adjourned meeting of the city council held last night for the purpose of electing a Recorder for the police court, Chas. H. Laney was elected by a vote of seven to three, the latter vote being cast for W. E. Anderson.

The council met at 7:30 o'clock. Mayor Bliss presiding, Clerk Bernard at his desk, and all members except Aldermen Hays and A. D'Alemberte present. The former alderman was confined at home by illness and the latter was out of the city.

There were five applicants for the position of Recorder—W. E. Anderson, C. H. Laney, Jerry J. Sullivan, Jr., J. Emmet Wolfe and A. C. Binkley. A ballot was taken and the result was as noted above, seven for Laney and three for Anderson. Laney was declared elected.

An ordinance was then introduced providing a salary of \$900.00 per year for the recorder and also providing for the election of a deputy recorder who will be elected on the passage of the ordinance. Under a suspension of the rules the ordinance was put upon its second reading.

**Bonds are Approved.**  
Chairman Kelly of the finance committee, reported that the city attorney had pronounced the bonds submitted by the various officers as legal and the committee recommended that they be approved, which was done.

The finance committee also recommended that as the city funds now amounted to a great deal more than when the amount of the city treasurer's bond was originally provided, the bond should be increased from \$10,000 to \$25,000. This recommendation was approved and an ordinance will be introduced at the next meeting providing for the increase of bond.

Alderman McHugh will at the next meeting introduce his ordinance providing for an issue of city bonds.

**A Fearful Fate.**

It is a fearful fate to have to endure the terrible torture of Piles. "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles, Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

**HACKMEN SENT TO THE COUNTY FOR PERJURY.**

Mayor Bliss, acting as police court judge yesterday morning, took a step which will probably result in better and more reliable testimony in that court. He had before him a case in which a hackman named Willie Spencer was involved, being before the court upon the charge of loud and boisterous talking. There were four others held upon the same charge, and all admitted that they had spoken in a loud voice. Spencer, however, declared that he had not, and that none of the others had.

The mayor, after hearing the testimony, ordered that a charge of perjury be made against Spencer, and that he be turned over to the county authorities for this offense, also that he serve thirty days upon the streets of the city.

**Cuban Diarrhoea.**

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

**The Police Court.**

Fifteen defendants were before the mayor in the police court yesterday morning for trial. Of this number fourteen defendants were found not guilty, four were turned over to the county authorities, and fines amounting to \$32 were imposed in the remaining cases.

**REPAIRS WILL BE  
COMPLETED FRIDAY**

CRUISER DOGALI WILL BE LAUNCHED ON THAT DATE FROM SPANISH DRY DOCK.

The work of scraping and painting the hull of the Italian cruiser Dogali, which was taken into the Spanish dry dock at the navy yard recently, will be completed by this afternoon, and if the present intentions are carried out, the vessel will be launched tomorrow at 8 o'clock.

The hull of the ship has been scraped from one end to the other, and covered with a fresh coat of paint. Other work has been done especially to the machinery, and while there is some work yet to be done it is of minor importance and will be finished by tonight.

The cruiser will come up to the city as soon as she is launched and will remain for several days before departing for Washington.

The Italian residents of the city are preparing to give the officers and men a smoker at the armory during their stay here. This event will probably occur during the early portion of next week.

**Just What Everyone Should Do.**

Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

**New York Cotton Market.**

New York, June 13.—The cotton market opened easy at a decline of 2 and 7 points under liquidation and selling for a reaction following the sharp advance of yesterday, owing to continued favorable weather over the belt. Liverpool, however, showed firmness. There was active demand at the decline and prices soon rallied to a net gain of 4 and 5 points following which they broke under New Orleans selling with the market in the middle of the morning about 5 to 6 points net lower, but steady moderately active.

**Found a Cure for Dyspepsia.**

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by all druggists.

**The Dog Spider.**

The giant of the whole spider family is the "hound" or "dog" spider of Madagascar. Its body weighs almost a pound, and each of its eight legs is longer and larger in diameter than the common cedar pencil. Each of its mandibles is three-fourths of an inch in length and very strong. The dog spider does not spread a net and lie in wait for its prey, as do the gigantic bird spiders of Ceylon, but "follows the trail" in exact imitation of a hound. It will follow a faint scent to and fro through the weeds and underbrush until the course is ascertained and then suddenly dart off in a bee line and quickly overtake the lizard, rat, mole or other animal of which it is in pursuit. It has been known to capture and kill lizards a foot or more in length, and Professor Barnaby tells of one which pounced upon and killed a full grown rat. The dog spider is said to be the only variety among the larger species of spiders which is absolutely non-venomous, there being no more danger in its bite than there is in that of a squirrel or a rabbit.

**The Man Eating Battas.**

The man eating Battas of North Sumatra have a postal system. They make use of hollow tree trunks as cross roads, and these primitive letter boxes are largely patronized by young men and women, who read and write and correspond in a degraded native script, which is traced on palm leaves in vertical lines that run upward and from left to right. These Battas, though undoubtedly cannibals, are skilled in agriculture and in raising stock. They form large communities, have an organized government, hereditary chiefs, popular assemblies and a written civil and penal code. Their picturesque dwellings have been compared to those for their live stock. For their skill in ironwork, pottery and weaving they are probably indebted to Hindoo teaching, and their repulsive habit is combined with a belief in a trine deity, Creator, Preserver and Destroyer.
